STEP SAFE* SERIES

*Reduce the risk of slipping with normal conditions & certain treatments with value of oil wet ramp test R12 (P4)

NEW INNOVATION – STEP SAFE* SERIES

Infiniti Granite Tile always strives for innovation to enhance product quality. With the latest **STEP SAFE*** technology, Infiniti redefines slip resistance by making smooth tiles safer without sacrificing elegance.

Many believe that only rough tiles provide grip, but **STEP SAFE*** proves otherwise. This advanced innovation activates friction upon contact with water, reducing the risk of slips and injuries in both residential and commercial spaces.

Infiniti Granite Tile ensures a perfect balance of performance, aesthetics, and practicality. With a smooth, easy-to-clean surface that remains slip-resistant when wet, it is ideal for both indoor and outdoor use, especially in moisture-prone areas. Now, safety and style go hand in hand.

Available in size :
60X60, 80X80 & 100X100

Infiniti Granite Tile terus berinovasi untuk menghadirkan produk berkualitas tinggi. Dengan teknologi terbaru **STEP SAFE***, Infiniti menghadirkan solusi lantai yang aman tanpa harus mengorbankan estetika dan kenyamanan.

Banyak yang mengira bahwa hanya lantai* yang kasar memiliki daya cengkeram yang besar, namun hal ini berbeda dengan **STEP SAFE*** yang dirancang dengan material khusus yang aktif saat terkena air, menciptakan daya cengkeram ekstra tanpa mengubah permukaan yang halus. Dengan inovasi ini, risiko terpeleset menjadi berkurang, sehingga memberikan rasa aman di setiap langkah, baik untuk pemakaian di rumah maupun di ruang komersial.

Infiniti Granite Tile menggabungkan keindahan, performa, dan kemudahan perawatan dalam satu inovasi. Permukaannya tetap halus dan mudah dibersihkan, tetapi tetap memberikan rasa aman walaupun dalam kondisi basah. Cocok untuk penggunaan di dalam maupun luar ruangan, terutama di area yang sering terkena air.

Tersedia ukuran :
60X60, 80X80 & 100X100

INFINITI
G R A N I T E T I L E

STEP SAFE* SERIES

*Reduce the risk of slipping with normal conditions & certain treatments with value of oil wet ramp test R12 (P4)

NEW INNOVATION – STEP SAFE* SERIES

Infiniti Granite Tile always strives for innovation to enhance product quality. With the latest **STEP SAFE*** technology, Infiniti redefines slip resistance by making smooth tiles safer without sacrificing elegance.

Many believe that only rough tiles provide grip, but **STEP SAFE*** proves otherwise. This advanced innovation activates friction upon contact with water, reducing the risk of slips and injuries in both residential and commercial spaces.

Infiniti Granite Tile ensures a perfect balance of performance, aesthetics, and practicality. With a smooth, easy-to-clean surface that remains slip-resistant when wet, it is ideal for both indoor and outdoor use, especially in moisture-prone areas. Now, safety and style go hand in hand.

Available in size :
60X60, 80X80 & 100X100

Infiniti Granite Tile terus berinovasi untuk menghadirkan produk berkualitas tinggi. Dengan teknologi terbaru **STEP SAFE***, Infiniti menghadirkan solusi lantai yang aman tanpa harus mengorbankan estetika dan kenyamanan.

Banyak yang mengira bahwa hanya lantai* yang kasar memiliki daya cengkeram yang besar, namun hal ini berbeda dengan **STEP SAFE*** yang dirancang dengan material khusus yang aktif saat terkena air, menciptakan daya cengkeram ekstra tanpa mengubah permukaan yang halus. Dengan inovasi ini, risiko terpeleset menjadi berkurang, sehingga memberikan rasa aman di setiap langkah, baik untuk pemakaian di rumah maupun di ruang komersial.

Infiniti Granite Tile menggabungkan keindahan, performa, dan kemudahan perawatan dalam satu inovasi. Permukaannya tetap halus dan mudah dibersihkan, tetapi tetap memberikan rasa aman walaupun dalam kondisi basah. Cocok untuk penggunaan di dalam maupun luar ruangan, terutama di area yang sering terkena air.

Tersedia ukuran :
60X60, 80X80 & 100X100

COLOR SHADE VARIATION GUIDE

BRAVO GREY
60X60

UNIFORM APPEARANCE

Minimal differences range of color & motif among tiles.

TAZMANIA CREAM
60X60

SLIGHT VARIATION

Slight differences in texture and/or pattern within similar colors.

TAURO GOLD
60X60

MODERATE VARIATION

Clearly distinguishable differences in texture or pattern or colors from tile to tile.

MOROCCAN
60X60

SUBSTANTIAL VARIATION

Random color and/or pattern differences from tile to tile. Unique final installation looks.

R-RATING SLIP RESISTANCE

The **R rating measures the slip resistance of flooring materials**, especially in wet conditions, making it essential for areas like commercial spaces, bathrooms, and outdoor environments. R ratings range from R9 to R13, determined through a ramp test that evaluates the angle at which slipping occurs—the higher the rating, the better the grip.

Infiniti **STEP SAFE*** technology is classified as R12, providing high slip resistance while maintaining a smooth, easy-to-clean surface. This ensures both safety and style without compromise.

Rating R mengukur ketahanan lantai terhadap selip, terutama dalam kondisi basah, sehingga penting untuk area seperti ruang komersial, kamar mandi, dan luar ruangan. Skala R berkisar dari R9 hingga R13, ditentukan melalui uji ramp, di mana kemiringan lantai diuji hingga terjadi selip—semakin tinggi rating, semakin baik daya cengkeramnya.

Teknologi Infiniti STEP SAFE* memiliki kelas R12, yang memberikan daya tahan selip tinggi tanpa mengorbankan permukaan yang halus dan mudah dibersihkan. Solusi sempurna untuk keamanan dan estetika.

CLASSING	INCLINE ANGLE	SLIP RESISTANCE	AREA OF USE
R9	6°-10°	Low	■ Suitable for dry indoor areas, such as living rooms and bedrooms. ■ Not recommended for areas that are frequently wet or exposed to water.
R10	10°-19°	Medium	■ Suitable for most indoor applications, including residential kitchens, hallways, and low-traffic commercial spaces. ■ Can be used in areas that may occasionally get wet but not continuously exposed to water.
R11	19°-27°	High	■ Suitable for areas that may become wet, such as bathrooms, kitchens, and laundry rooms. ■ Often used in commercial kitchens or areas where water spillage is likely.
R12	27°-35°	Very High	■ Suitable for commercial spaces, industrial areas, and outdoor surfaces exposed to water, like swimming pool surrounds and outdoor terraces. ■ Provides excellent slip resistance even when the surface is wet or greasy.
R13	Over 35°	Maximum	■ Suitable for areas with a high risk of slipping, such as heavy-duty industrial floors, ramps, and wet processing areas. ■ Often used in commercial or industrial settings where continuous water exposure is expected.

TECHNICAL CHARACTERISTICS

TECHNICAL CHARACTERISTIC	TEST METHOD OR AS PER NORM	ISO 13006 REQUIREMENT	INFINITI GRANITE
Length and Width	ISO 10545-2	± 0.6%	± 0.25%

Modulus of Rupture	ISO 10545-4	Group B1a 35 Ind. Min 32 N/mm ²	≥ 35 N/mm ²
Crazing Resistance	ISO 10545-11	Required	Resistant
Frost Resistance	ISO 10545-12	Required	Resistant
Chemical Resistance	ISO 10545-13	Minimum Class GB	Minimum Class GB
Stain Resistance	ISO 10545-14	Minimum Class III	Minimum Class III
Abrasion Resistance	ISO 10545-7	Group I to V	Group III to V

- Color and other aesthetic features shown in this catalogue as close as the limitation of the printing process will allow.
- Some variations in color shade, finish and tolerance in bookmatched / endmatched design are inherent in granite products.
- Always view several samples before making final selection.
- Different may occur between samples and final product.
